+1 706 983 1480

Hello, my name is Chris Koenig. I'm about to be a senior at the Savannah College of Art and Design, pursuing a bachelor's degree in video game design and programming. As you can imagine, I'm very experienced with and more geared toward computers and technology, however, I can handle just about anything you throw at me.

Work Experience

Delivery Driver

Cosmic Delivery-Athens, GA

July 2024 to Present

This is pretty much standard gig-based delivery work a la DoorDash, only Cosmic is a service local to Athens.

Blackjack Dealer

Funtastic Events-Winterville, GA

Present

This is an occasional gig job I work, primarily during my winter break. It's always hard to describe what I do, but to summarise: you have a party and want to host casino games. We bring the games to your event and deal for them. I am a blackjack dealer specifically.

This means I run the game at my table, so that includes dealing cards to patrons, shuffling cards, counting card totals, determining winners and losers, etc. I help facilitate the exchange of chips, help patrons exchange tickets given out by the company for more chips, and occasionally give tips on how to play the game for newer players. I help with the work everyone at the company helps with: unloading tables and equipment, setting everything up, talking everything down, and packing it back up.

Cashier/Customer Service

Jakes Fireworks, Inc.-Athens, GA

June 2024 to July 2024

This was a week-long temporary job where I worked as a cashier and general customer service rep at a Jake's Fireworks location during the week of July 4th. I scanned customer's items, bagged them, processed transactions, gave change for cash purchases, etc. Normal cashier stuff, with the added duty of ID checking younger people due to the nature of the store. I worked 12 hour shifts on the 3rd and 4th. They said they might consider bringing me back for future "rush seasons" like New Years Eve.

Education

B.F.A. in Game Design

Savannah College of Art and Design - Atlanta, GA

August 2021 to Present
